

WE DELIVER THE FUTURE
The Sliding Bogie, Box Liner Container Chassis

THE BOX LINER. STRENGTH, VERSATILITY AND EASY OPERATION.

THE NEW SLIDING BOGIE, BOX LINER SKELETAL TRAILER IS MANUFACTURED BY KRONE IN EUROPE AND DESIGNED IN GERMANY WITH CLOSE INVOLVEMENT FROM THE KRONE UK SALES TEAM TO ENSURE COMPATIBILITY WITH THE UK AND IRISH MARKET.

The trailer combines features which have been tried and tested over several decades with the latest KTL paint application process. The result is a no-nonsense specification, built for loading flexibility, asset management control and a long working life.

The sliding chassis is quickly and easily adjusted to carry any standard sized dry freight or tank container and its no-frills specification ensures easy and fast operation for tough, pick-up-and-drop container work.
